

<p align="center"><u>Religious Education</u></p> <p>In Religious Education this term we will explore the big question of “ How can we respond to God’s call to be stewards of the earth?”</p> <p>We will be discovering the wonders and beauty all around our world through acts of kindness, behaviours and the environment . We will make connections to Scripture and take action as God’s stewards.</p>	<p align="center"><u>Literacy</u></p> <p><u>Reading</u> Our focus during Reading this term will be on identifying the features of online texts. We will explore how these features help us to navigate our way through an internet site. We will also be looking at inferences and using clues from a text to answer questions.</p> <p><u>Writing</u> This term we will be looking at scientific procedures and writing these up after conducting little experiments. We will also be writing an explanation using the correct structure and language.</p> <p><u>Speaking and Listening</u> This term we will be looking at working collaboratively with family members and students, through listening to and participating in discussions as well as building on the ideas expressed by others.</p> <p><u>Library / Author Study</u> During Term 3, our Author Study will be Bruce Whatley. We will be looking at some of the books that he has illustrated and written, and complete activities based on this.</p> 	<p align="center"><u>Mathematics</u></p> <p><u>Number & Algebra</u> During the term we will be focusing on using various mental strategies to help solve subtraction equations. We will be finding and using different resources/objects to solve subtraction equations.</p> <p>Also during Term 3, we will be focusing on Multiplication. We will continue learning times tables and testing the students on these facts.</p> <p><u>Measurement & Geometry</u> Our focus this term is Area. They will also learn about finding the inside measurement of different shapes, which is the area. Students will be introduced to formal units of measurement and use these to measure the area of objects.</p> 
<p align="center"><u>Specialist Subjects</u></p> <p><u>Italian</u> In Italian this term, we will be listening to a variety of Italian songs, sentences and stories and YouTube videos to develop oral language.</p> <p><u>Physical Education</u> In Physical Education this term, we will be focusing on remaining active and healthy while at home. We will be performing a variety of fun activities, demonstrating weight transference and control.</p> <p><u>Visual Arts</u> In Visual Arts this term, we will be studying Drawing. We will be exploring a variety of drawing techniques, using drawing materials such as pencils, textas and crayons. We will be focusing on the elements of art such as line, shape, form colour and texture.</p>	<p align="center"><u>Inquiry</u></p> <p>Throughout Term 3, we will be looking at the Inquiry topic called “How Did That Move?” This is a form of Physical Science. We will be looking at forces and investigating how things move. This unit will allow the students to use their creative sides and design and construct a moveable toy.</p> 	<p align="center"><u>Dates / Events</u></p> <p><u>Google Meet times:</u></p> <ul style="list-style-type: none"> - Monday - 1:30pm - Tuesday - 9:30am - Thursday - 1:30pm - Friday - 9:30am
<p align="center"><u>Social and Emotional Learning</u></p>  <p>Throughout Term 3, we will be exploring a different Social and Emotional learning focus each week. Each week, the new focus will be connected to the wellbeing of</p>		

students and how we can explore our emotions.
