

Religious Education

In Religious Education, we will be exploring how Lent is a time when we can grow closer to Jesus through prayer, showing acts of kindness and taking action. We will explore how we can do for others, that will surely bring about a beautiful transformation in us.

Specialist Subjects

Visual Arts

In Visual Arts this term, we will investigate and extend our knowledge of Threads and Textiles. We will work with a variety of threads and fabric to enhance our skills in weaving, threading, cutting, felting and sewing.

Italian

In Italian this term, we will be writing the sentence structure to introduce yourself, say your age, when is it your birthday, what grade you are in and who your teacher is. We will be practicing speaking, using these sentences.

Physical Education

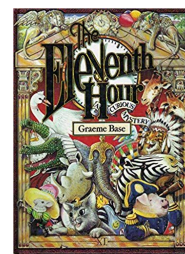

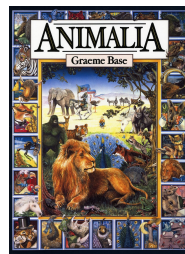

In Physical Education this term, we will begin to monitor and record our personal fitness levels. We will be learning and applying strategies, tactics and skills required for fielding and striking games.

Literacy

In Reading, we will be exploring books by Graeme Base; author and illustrator of picture books. We will be enjoying and analysing a variety of his texts, comparing his style of writing and illustrating.

In Writing, the students will be investigating a variety of persuasive texts. We will focus on formulating an informed opinion and justifying it with evidence. We will also be developing note taking skills and summarising information from a range of multimodal sources.

In Speaking and Listening, students will be exploring expressing our opinion in a respectful manner. We will learn how to modify our language depending on our audience, for example, when speaking with adults and speaking with our Year One buddies.

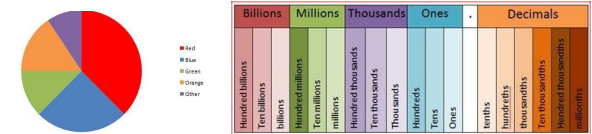

Social and Emotional Learning

This term we are focusing on building positive relationships with our peers, buddies and teachers. We will be focusing on the qualities we can develop to be a great leader of Emmaus. We will learn how to be a positive role model for our Year One buddies. We will continually revisit and practise showing respect for ourselves, others and our environment.

Mathematics

In Mathematics, we will be exploring and analysing a variety of graphs and data. We will also be learning how to critically reflect on the accuracy of data and graphs, such as information presented by the media.

We will investigate the place value of numbers, including whole numbers, negative numbers and decimals.

Inquiry

In Inquiry, students will be investigating the concept of identity. We will explore ideas related to diversity, such as different cultures and religions, and learn from inspiring leaders in the past.

Digital Technology and Design

This term in Digital Technology and Design the children will be exposed to digital citizenship and how we can link the school expectations into our digital world. The children will understand how to become a respectful citizen online.
